The First RACE (Yes RACE) of the year We no longer need to do rallies!

When the list of potential dates (high tides) came out some were a bit sceptical about the date and time—07:30hrs on the 1st of April, and even on that morning the plucky racers with their single seaters wearily turned up wondering if they had been had or not! Well clearly by the turn out it proved to be a great first RACE of the season for the Ken SOPER trophy with some 9 boats out on the water for the start of 3 heats.

With some keen photographers and even Drone camera type peeps, it wasn't long before the racers gave them the type of shots that they were hoping for.

The first heat soon took it's toll as no real pre-season warm up or run out took place and the field was reduced to 6, and it didn't matter whether you're a newbie or a seasoned racer if you don't get it right then your not going to finish!

Although the weather was good the tide was soon rushing out so a shortened 3rd heat for the remaining 6 boats and at the time of publishing this, I have not seen any timings?

Many more racers are planned for 2018—see the web page for the updated list of potential dates
